

# VIROSHIELD

## SECURING HARVEST QUALITY SHIELDING CROPS

ViroShield is an eco-friendly organic formulation made from essential minerals, botanical extracts, potash, calcium, and plant pectin. It strengthens plant resistance against biotic and abiotic stresses, including viral attacks, and is USFDA-recognized as safe for humans. As a foliar spray, Vsafe protects crops from viruses and sucking pest etc. It also has repellent action against fungal, viral, and bacterial diseases, is biodegradable, residue-free, and supports Integrated Pest Management (IPM).
